

# The Rewards of Workflow Automation

## Invoice Processing

Alex M.  
Accounting  
Manager

### Alex's Challenges of Multiple Processes of Invoices

Time Consuming

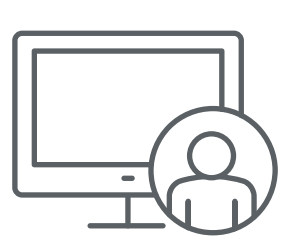

Error-Prone

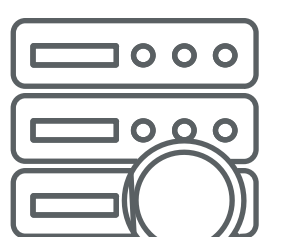

Extra Attention

## Automated Workflow Solutions

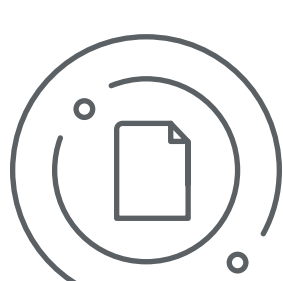

Minimizing  
Keystrokes

Searchable Data

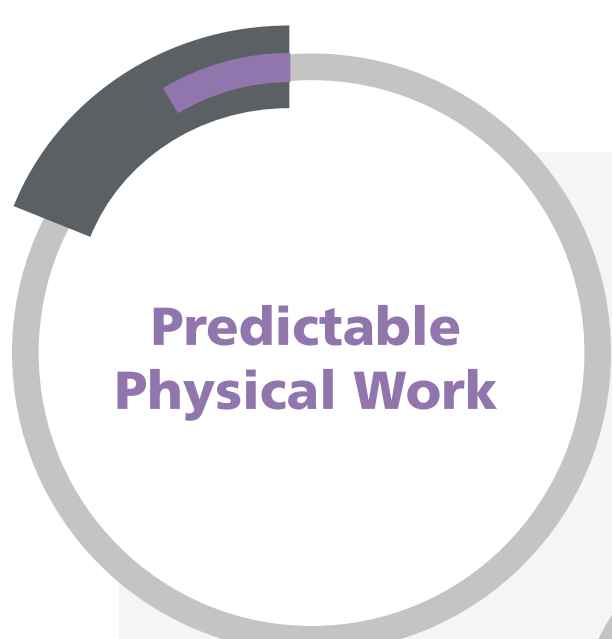

Timely Process of  
Invoices & Payments

Invoice Data  
Capture

Secured Data

Predictable  
Physical Work

Data  
Collection

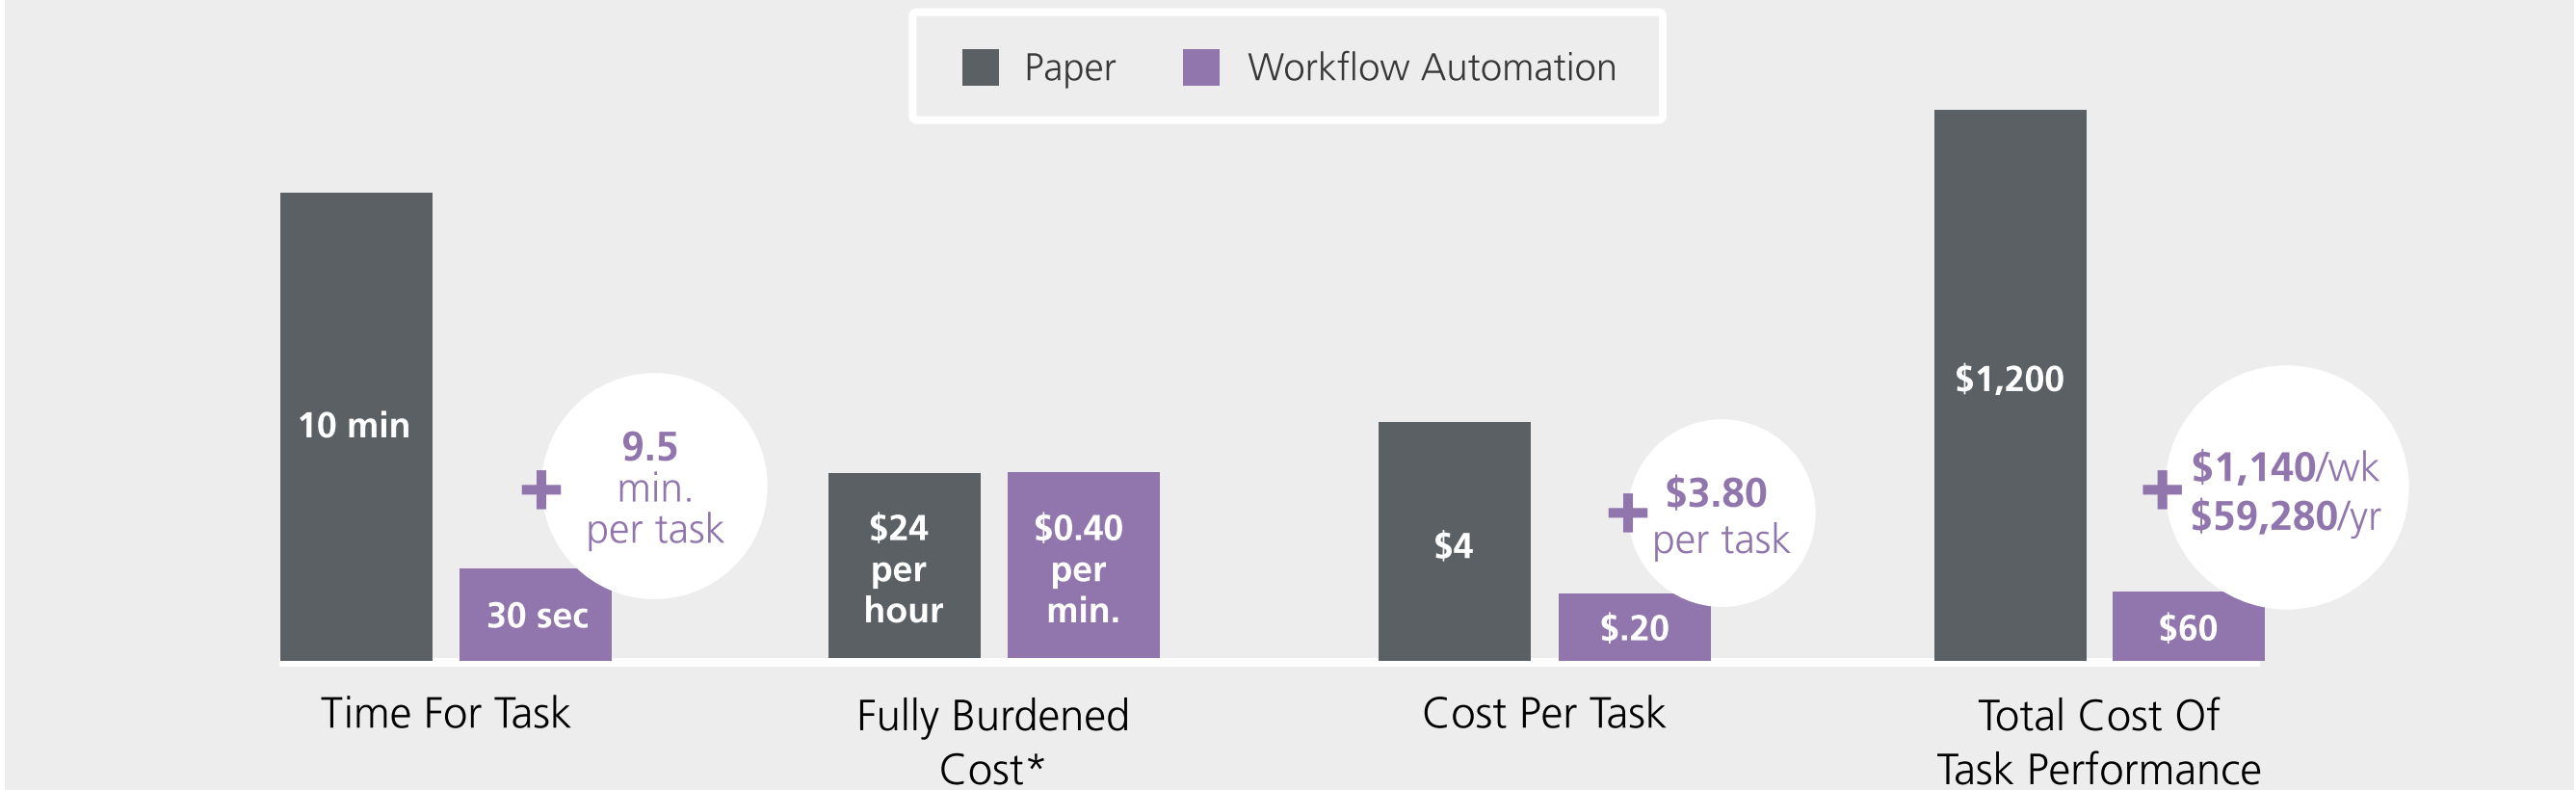

Data  
Processing

■ Time spent by activity  
■ Automation potential /  
percentage of time

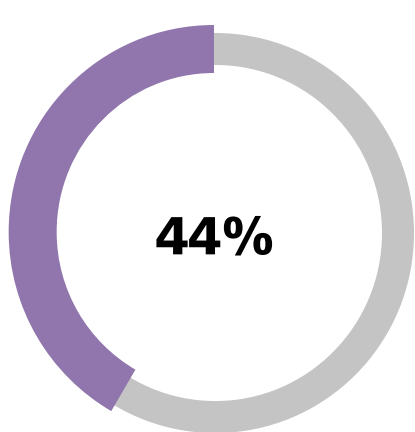

Workflow automation can free **50%-67%** of time performing routine work so employees can put their expertise to better use.<sup>2</sup>

### A Case In Point: Invoice Processing

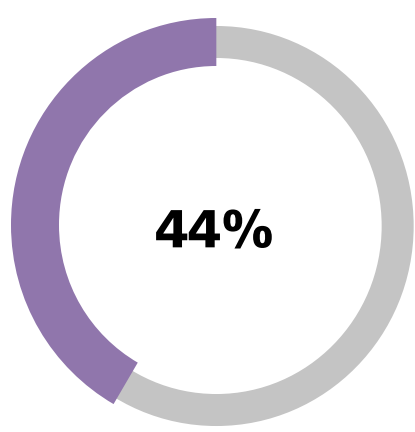

\* Variables include payroll taxes, insurance, benefits, supplies, and training costs, among others.

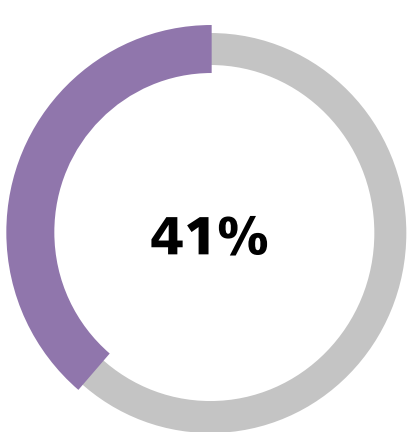

## Upgrades Energize Employees

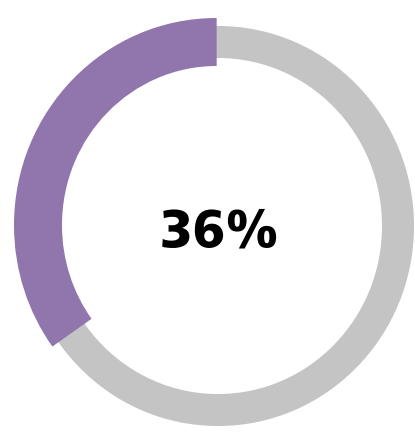

Greater speed and  
flexibility from new  
technologies

More immediate  
access to data

A reduction in  
repetitive tasks

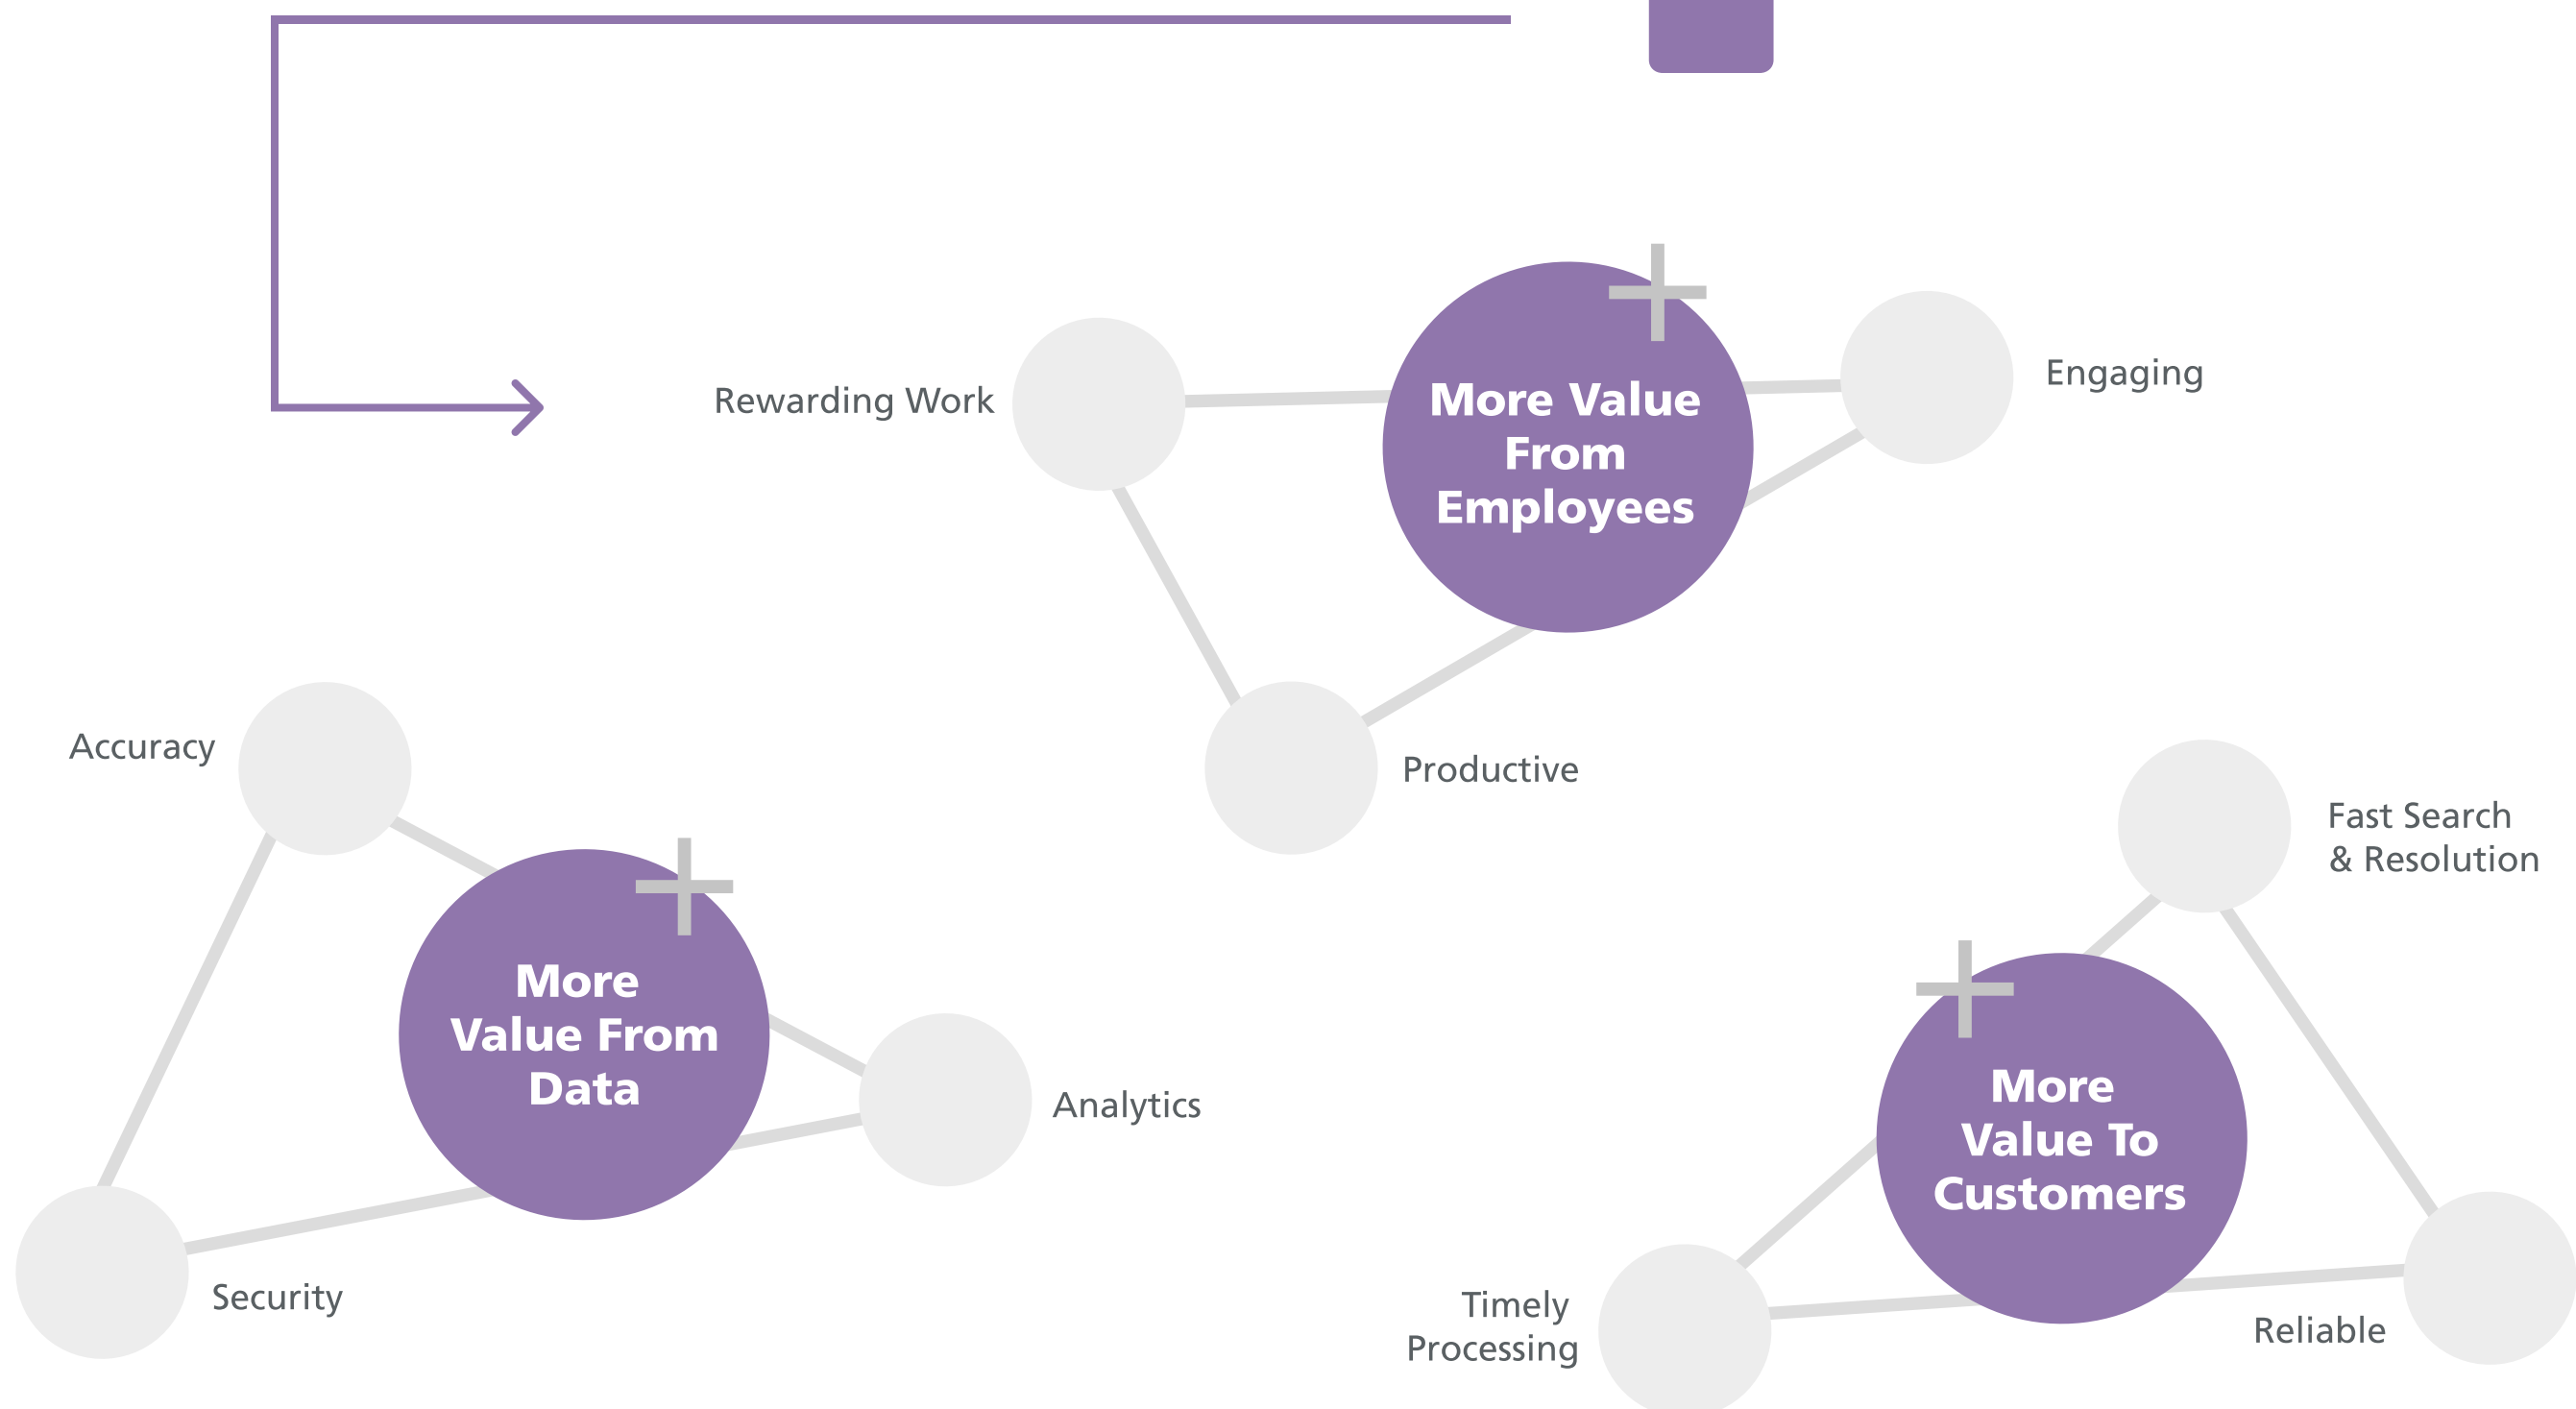

Automation of  
admin tasks

Using One Automated Workflow Instead Of One Paper And One Digital Workflow Results In More Value Per Employee And More Value For Your Business.

“Digital Transformation is the Necessary First Step.”<sup>3</sup>

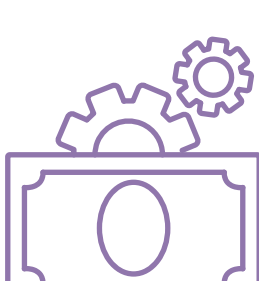

## Build a valuable data culture.<sup>3</sup>

## Automated Workflow Solutions & The Bottom Line

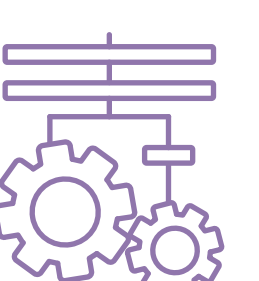

Reduce  
Inefficiencies  
and Human Error

Don't Miss  
Discounts  
Anymore

Go Paperless

Optimize Processes  
To Improve:  
Business Continuity  
Employee Satisfaction  
Customer Service  
Supplier & Vendor Satisfaction
